

AGRICULTURE SERVICES ANIMAL AUDITS

As consumers become more educated about the food they eat, retailers are responding to this demand for transparency, requiring suppliers to follow specific welfare guidelines. NSF Agriculture offers a wide variety of audits that can help you access new markets, differentiate your product and enhance consumer confidence.

ANIMAL WELFARE – PROTECT YOUR REPUTATION

Animal Welfare Audits	Third party animal welfare/ care audits completed by PAACO certified auditors. Audit schemes used are based on Clients requirements.
------------------------------	--

CERTIFICATION STANDARDS – MARKET ACCESS, SUPPLIER ASSURANCE

American Humane	Third party, independent verification standard to ensure the humane treatment of farm animals.
HACCP	Good Production Practices and HACCP certification for the animal production sector, i.e., hatcheries.

AUDITS – PRODUCT DIFFERENTIATION AND PROCESS VERIFICATION

Label Claim Verification	Third party audit for Method of Production Claims, i.e., RWA (raised without Antibiotics); Farm/Feed mill/ Slaughterhouse & Processing.
Association Audits	North America's only third-party verification for non-GMO food and products.
