

PATHWAYS TO MAINTAIN YOUR GFSI CERTIFICATION

FULL ON-SITE AUDITS

NSF has never stopped offering on-site audits. If you prefer a full on-site audit, NSF will deliver!

COVID-19 Measures

Our commitment to you:

- ✓ Check temperature daily
- ✓ Practice social distancing
- ✓ Sanitize all auditing tools
- ✓ Wear a mask

RISK ASSESSMENTS

This evaluation confirms whether extending your certificate is advisable.

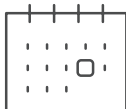

certified program owners (CPOs) develop assessment based on IAF ID3:2011

NSF carries out the evaluation and may use:

- Your historical certification data
- Current pandemic impact information

6-Month Extension

REMOTE AUDIT FRAMEWORK

The future of auditing

In June 2020, GFSI recognized an audit approach using ICTs that enables remote audits during the offsite portion of the audit.

What is ICT?

Information
Communication
Technology

Smartglasses

Video Conferencing

File Sharing

Remote + On-site

Remote Portion

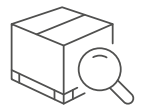

TBD by the CPOs in the next month.

Documentation review of procedures, policies, and interviews

On-site Portion

During an onsite visit NSF will:

- Conduct inspections
- Evaluate Good Manufacturing Practices
- Verify food safety systems

STAY TUNED! Certification Program Owners will develop and harmonize their individual remote audit procedures based on this new requirement.
