

# RESPONSIBLE CARE: RC14001<sup>®</sup> AND RCMS<sup>®</sup>

Responsible Care<sup>®</sup> 14001 (RC14001<sup>®</sup>) and Responsible Care Management System<sup>®</sup> allow companies to make progress toward the vision of no accidents, injuries or harm to the environment. Companies implementing RC14001<sup>®</sup> and/or RCMS<sup>®</sup> demonstrate commitment to employee health and safety, communities and the environment.

## **BENEFITS OF REGISTRATION TO RC14001<sup>®</sup>/RCMS<sup>®</sup>:**

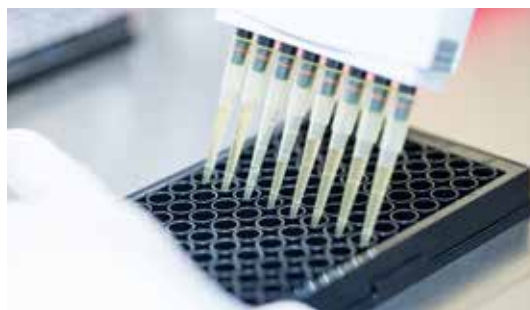

- > Gain credit for existing Responsible Care<sup>®</sup> activities that go beyond the scope of an environmental management system such as occupational health and safety, product stewardship, security, community outreach and transportation safety activities
- > Manage chemicals responsibly
- > Increase access to new customers and business partners
- > Meet American Chemistry Council (ACC) requirements for member companies

## **WHY CHOOSE NSF-ISR?**

NSF-ISR is experienced in certifying chemical companies to Responsible Care<sup>®</sup> 14001 (RC14001<sup>®</sup>) and Responsible Care Management System<sup>®</sup> (RCMS<sup>®</sup>) and was one of the first registrars to be accredited by the ANSI-ASQ National Accreditation Board (ANAB). In addition, we offer:

- > Unparalleled technical expertise in safety, quality and environmental standards
- > A full range of solutions including baseline audits, document conformance review and integrated audits
- > Customized programs designed to meet your needs – from single sites to multi-site and multi-standard organizations

NSF-ISR's parent company NSF International has been committed to public health, safety and protection of the environment for over 70 years. We build on this heritage in NSF-ISR by providing systems management certifications to fit all of your industry needs.

# RESPONSIBLE CARE: RC14001<sup>®</sup> AND RCMS<sup>®</sup>

## STANDARD REVISION

The RC14001<sup>®</sup>:2015 revision was released in late 2015 and combines elements of the American Chemistry Council's (ACC) Responsible Care<sup>®</sup> standard with those of ISO 14001:2015 Environmental Management Systems. Certification enables an organization to demonstrate that its management system conforms to the requirements of both ISO 14001 and RC14001<sup>®</sup>. Information on the revised standard is available at [www.nsf.org/info/iso-updates](http://www.nsf.org/info/iso-updates).

## OTHER SERVICES

Concerned about environmental or quality issues affecting your industry? NSF-ISR and our parent company NSF International can not only address your Responsible Care management systems needs, but also provide a comprehensive range of quality and environmental services including:

- > ISO 9001 (quality management systems) certification
- > OHSAS 18001 (occupation health & safety management systems) certification
- > Greenhouse gas management
- > Landfill-free verification

Increase your competitiveness by ensuring your organization is meeting your industry's biggest challenges. Trust in NSF-ISR.
