

# ROADMAP TO REGENERATIVE WITH NSF

NSF can accelerate your progress on regenerative agriculture goals.

Wherever you are today, NSF will help you advance with strategies to support regenerative agriculture.

# ACCELERATE YOUR JOURNEY TO REGENERATIVE SOURCING WITH NSF

**NSF offers our expert services to help  
your company reach its regenerative goals:**

- > Benchmarking analysis of current brand practices
- > Setting a strategy to engage in regenerative sourcing
- > Assistance prioritizing suppliers, ingredients, and products
- > Choosing the right regenerative framework for measurement or certification
- > Identifying resources to position suppliers and farmers for success
- > Implementing your regenerative program and tracking progress
