

ARE YOU CERTIFIED BY NSF OR TO NSF?

While some may use these phrases interchangeably, they are in fact, quite different. Certification to NSF/ANSI standards and certification by NSF International (the certification body) have distinct qualities.

BY NSF Your product was *certified by* NSF International.

TO NSF Your product was *certified to* an NSF/ANSI standard by another certification body.

BY NSF	BENEFIT	TO NSF
✓	Authorized to use the NSF mark	✗
✓	Access to NSF Connect, the industry-leading project tracking tool	✗
✓	A dedicated account manager	?
✓	Product testing in NSF's world-class in-house labs	✗
✓	Best risk protection*	✗
✓	Broad international acceptance of your product	Limited

JOIN THE INDUSTRY LEADERS
